We run a wide range of extra-curricular activities at Colvestone - some for the children and some for parents and carers - and you can look through our list below to see if any of them would suit you or your child. Please see a member of our office staff to book a place.

Please note that after Easter only Year 6 will be attending Homework Club for SATs revision.

Watch out at the beginning of every term for the after-school clubs list and application form, which is sent back with every pupil. Also keep an eye on the weekly newsletter for information about parents' clubs and one-off events – and there are often posters around the school and fixed to the entrance gates telling you what's going on.

If you need to talk to anyone about any of the extended day provision, please contact our Lead TA, Jane Spanton, who is in charge of clubs and extra-curricular activities.
